

FUTURE OF BOARD LEADERSHIP 14 MARCH UNCONVENTION

Imagine the community sector in 20 years time. How will boards need to evolve? This Unconvention explores how organisations could be structured and led in the future, and how this impacts governance. How can boards act now to build the capabilities required to enact the future? Together we will gaze into the future and create a collective vision! Topics include:

- What it means to be an exceptional leader on a not-for-profit board?
- What leadership and governance skills are required for board directors to navigate new futures?
- How do you collectively enhance the way you govern to improve outcomes?

Use Groupmap, an online collaboration tool, to note down, connect and expand on ideas with your fellow Unconvention participants.

DETAILS

Tuesday, 14 March
8am for 8.30am start
12 midday finish
Hosted by Herbert Smith Freehills

WHAT IS AN UNCONVENTION?

An Unconvention is a cross-sector, intergenerational forum for Board and Community Leaders to meet, exchange information, discuss, network and collaborate on topical issues relating to Board governance, leadership and age diversity on Boards.
